

## Standard Equipment

- Inlet filter
- Belt guard designed to meet OSHA guidelines
- Vibration isolators
- Stainless steel intercoolers
- Air pressure switch to stop the machine at the desired pressure
- Hour meter
- Relay and thermal overloads for all electric driven units
- Charging pressure gauge
- 5 ft fill hose with bleed valve and Scuba yoke or DIN connector

## Optional Equipment

- Automatic condensate drain system (electric units)
- Silenced version available in single and three phase power

All the above components are housed in a zinc-plate, powder coated frame. Each Compact 6 model is supplied with, as standard, operating and maintenance manual, a routine maintenance kit, dust cover, spare filter cartridge, and one liter of oil.

Compact 6

## Compact Series

MAKO is pleased to present to you the Compact Series, of lightweight, portable compressors. The group has the same quality and durability you have come to expect from MAKO with a reduction in weight and dimensions which are particularly suitable for a personal diver or a small dive group. The compressors are four stage, air-cooled, splash oil lubricated machines, equipped with a multi-stage filtering system, consisting of two mechanical condensate separators, safety valves, and a purification system with an average life of approximately 22 to 30 hours.

Silenced Enclosure

Compact 8

## Portables

2.8 to 5.0 cfm

Comes complete with automatic shut-down

Hour meter

Meets CGA Grade E, DIN 3188 and BS 4275

### PORTABLES PERFORMANCE

Model	Motor	Delivery	RPM	HP	kW	Dimensions (w x l x h)	Weight
Compact 6 S	Honda gas engine	3.5 cfm (6 m <sup>3</sup> )	2,200	5.5	3.7	27.5 x 13.7 x 16.5 inch 70 x 35 x 42 cm	94.9 lbs. 43 kg
Compact 6 ET	Electric (three phase)	3.5 cfm (6 m <sup>3</sup> )	2,200	4	3	23.6 x 14.1 x 16.5 inch 60 x 36 x 42 cm	97 lbs. 44 kg
Compact 6 EM	Electric (single phase)	2.8 cfm (4.8 m <sup>3</sup> )	1,800	3	2.2	23.6 x 14.9 x 16.5 inch 60 x 36 x 42 cm	101 lbs. 46 kg
Compact 8.4 S	Honda gas engine	5 cfm (8.4 m <sup>3</sup> )	2300	6.5	4.7	30 x 12.9 x 18.1 inch 78 x 33 x 46 cm	103 lbs 47 kg
Compact 8.4 ET	Electric (three phase)	5 cfm (8.4 m <sup>3</sup> )	2300	5.5	4.0	26 x 15.3 x 18.1 inch 66 x 39 x 46 cm	121 lbs 55 kg
Compact 8.4 EM	Electric (single phase)	4 cfm (6.7 m <sup>3</sup> )	1800	4.0	3.0	25.9 x 15.7 x 18.1 inch 66 x 40 x 46 cm	130 lbs 59 kg
