

DEHYDRA™ 52

condensate purge system

Demand Activated Condensate Removal

The Proven Performance Leader in Thousands of Installations

Handles Compressed Air Systems from 100 to 100,000 CFM

Zero Air Loss

Efficient All Pneumatic Operation

Large Clog Resistant Fluid Porting

No Electricity Required

Intrinsically Safe

Resists Most Chemically Hostile Environments

Three Year Warranty

Excellent Return on Investment

Often Saves Enough Compressed Air to Self-Amortize in Six Months or Less.
